

## IRONS

- Modern Muscle geometry balances the CG in the center of the face for maximum ball speed, the highest stability and the purest feel.
- Straight leading edges, thin toplines and minimal offset offer the ultimate in alignment and shot-shaping workability.
- Forward weighted for a powerful, piercing trajectory.
- Narrow sole widths for crisp sole/turf interaction and maximum versatility.
- Machine milled X3X grooves for enhanced spin control and shot-to-shot consistency.
- One-piece forged 1025 carbon steel for unfiltered feedback.
- Modernized profiles with longer blade lengths and lower face heights.
- True Temper Dynamic Gold: Designed for skilled players seeking a low, penetrating ball flight for optimum control and accuracy.
- Golf Pride Tour Velvet grip for maximum playability, comfort and confidence.

Custom tour stamp available (see pg. 30)
